# Basic Website Package

$300

Includes a 1 page website and contact form. The only clickable items will be linked to exterior sites such as social media profiles.
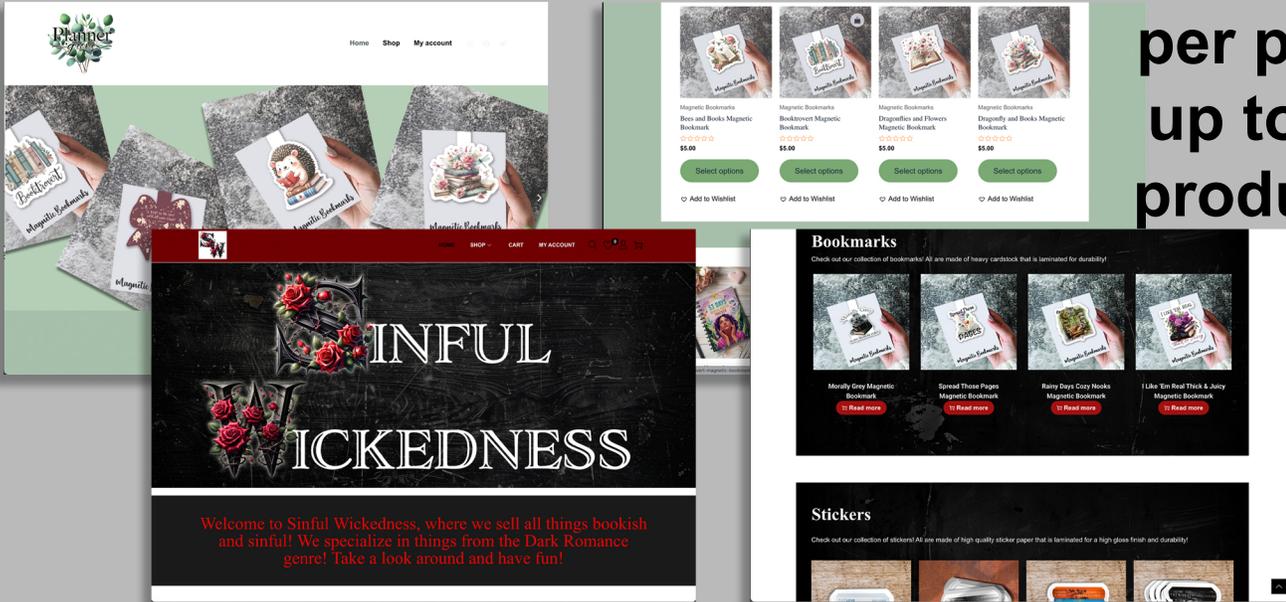

Multi-Page Website Package

$300 + $75 per page

Includes a homepage and contact form. Each additional page is $75 and comes with a menu with links to other pages.

E-Commerce Website Package

$400 + $75 per page up to 10 products

Includes a homepage and contact form. Each additional page is $75 and comes with a menu with links to other pages. This includes programming of payment methods, listing of up to 10 products and SEO built in to each product. Each additional product after the initial 10 is $15 per product.

All webpage packages include:

SEO utilization within the build and using additional plugins. Each page is meticulously optimized to make your site pop up in Google results as much as possible.

• 1 year of web hosting provided (must have hosting through us to provide web building services).

• 1 year of back and front end maintenance and updating.

E-commerce package includes:

SEO utilization on each individual product listed.

‣ Minor image editing for sizing or simple image streamlining for SEO purposes.

Does not include

• product mockup designing. We offer this service but it is not included in the price.
